Requirements for Physician Assistant Studies Programs

Choosing a Major:
- See a Pre Health Advisor at least once per semester.
- Pre-Physician Assistant students MUST choose a major (Pre-Physician Assistant is NOT a major).
- Commonly chosen majors include biology, chemistry, biochemistry and psychology. However, any major is acceptable, so long as students complete the pre-health requirements.

Qualities of Physician Assistant School Applicants:
1. A high GPA in science and non-science courses- a competitive GPA is above a 3.5.
2. Competitive GRE scores (above 152)
3. Active in medical volunteer/work experience/extracurricular events.
4. Has significant clinical experience – shadowing & volunteer work is essential. Hands-on experience is required for many programs.
5. You should be well known by your professors who will write great Letters of Recommendation and evaluations.

Common Pre-requisites for Admission to PA Schools:

<table>
<thead>
<tr>
<th>Biology</th>
<th>Mathematics (6 credit hours, one must include statistics)</th>
</tr>
</thead>
<tbody>
<tr>
<td>BSC 2010, 2010L (General Biology I &amp; Lab)</td>
<td>1. MAC 1114 (Trigonometry) OR MAC1147 (Trig. &amp; Pre-Calculus) OR MAC 2233 (Business Calculus) OR MAC 2311 (Calculus I)</td>
</tr>
<tr>
<td>General Chemistry</td>
<td>2. STA 2023 (Statistics for Business and Economics) OR STA 2122 (Introduction to Statistics) OR STA 3111 (Statistics I)</td>
</tr>
<tr>
<td>CHM 1045, 1045L (General Chemistry I &amp; Lab)</td>
<td>Pre-PA Students Must Also Take:</td>
</tr>
<tr>
<td>CHM 1046, 1046L (General Chemistry II &amp; Lab)</td>
<td>PCB 3063 (Genetics)</td>
</tr>
<tr>
<td>Organic Chemistry</td>
<td>MCB 3020, 3020L (General Microbiology &amp; Lab)</td>
</tr>
<tr>
<td>CHM 2210, 2210L (Organic Chemistry I &amp; Lab)</td>
<td>PCB 3702, 3702L (Intermediate Human Physiology &amp; Lab)</td>
</tr>
<tr>
<td>CHM 2211, 2211L (Organic Chemistry II &amp; Lab)</td>
<td>ZOO 3731, 3731L (Human Anatomy &amp; Lab)</td>
</tr>
<tr>
<td></td>
<td>HSC 3537 (Medical Terminology)</td>
</tr>
<tr>
<td></td>
<td>* All science prerequisite lecture courses must have been completed no more than seven years prior to matriculation</td>
</tr>
</tbody>
</table>
Requirements for physician assistant programs may vary (i.e., math courses, social sciences). Students should consult specific websites for information on requirements for desired schools.

AP Credits
- Not all professional schools will accept AP credit for science courses (for a list, ask a pre-health advisor)
- Contact the school(s) you are interested in to find out if they accept AP credits
- If a school accepts AP credits, they will usually require additional courses taken in that subject area

GPA Calculation
- CASPA will calculate a science GPA and a non-science GPA.
- AP credits are NOT computed into your GPA.
- ALL post-secondary coursework will be used to compute your GPA for admission.
  - Dual-enrollment and transfer courses DO count toward your GPA for admission.
- CASPA DOES NOT use “forgiveness” policies in calculating your GPA.
- DR grades do not count in your GPA. However, avoid DR grades. Professional schools expect students to carry a consistent, full-time course load (15-18 credits)

Application Cycle
- The application cycle opens mid-April and runs through March of the following year (application due date may be earlier than March and varies by program).
- Students are strongly encouraged to APPLY EARLY!

Professional Experience
- Experience may involve physician/patient observation (typically students have >120 hours)
- Many programs require hands-on patient contact. Examples of this include taking vitals, drawing blood, providing personal hygiene care, working as a radiology technician, working as a nurse or EMT.
- Students must demonstrate a knowledge of their chosen profession when applying to professional school
  - NOTE: Many otherwise well-qualified applicants are not accepted because they lack sufficient experience and or knowledge of their chosen profession

**Academic Advising**
All lower-division, Pre-Health students must see an advisor in their Major Department in addition to an advisor in the Office of Pre-Health Professions Advising prior to registration each semester!
